

# SYMBOL MC18 PERSONAL SHOPPER

## EXPERIENCE HOW SHOPPING SHOULD BE

**REVOLUTIONIZE THE SHOPPING EXPERIENCE FOR CUSTOMERS IN YOUR STORE WITH TODAY'S MOST ADVANCED PERSONAL SHOPPER.** When you put the MC18s state of the art technology in the hands of your shoppers, you provide instant information access and convenience needed to take the shopping experience to the next level. In combination with applications from our partners, the MC18 can allow your customers to scan items as they shop for faster checkout. You get real-time visibility into what your shoppers are buying, allowing you to instantly send relevant discount coupons and suggestions for complementary items right to the MC18. The result? Customers spend less time in the store, save more and purchase more, boosting customer satisfaction, basket size and sales. In addition, your store staff can use the same device for price audits, price checks and inventory management, improving worker productivity and store efficiency. And with four industry firsts, you get one of the most advanced personal shopping devices on the market: 1-D and 2-D bar code scanning on paper labels or a display; a smartphone-style large all touch display, a new space-saving cradle that makes it easy to integrate into existing available spaces and a new high-power intelligent battery that means more time in service per device and fewer devices to purchase reducing capital costs and increasing the return on investment for this personal shopping solution. The MC18 making it possible to give every customer the personal touch.

### **A new large all-touch display provides a true smartphone-style user experience**

Delivers the same fingertip navigation found on today's smartphones including pinch and zoom.

**First-time every time instant capture of virtually any bar code**

### **THE MC18 IS AT HOME IN...**

#### **...the hands of your customers**

- Self-checkout
- Discounts and special offers on the items scanned and complementary items
- Gift registries
- Product information
- Price checks
- Product availability

#### **...the hands of your associates**

- Inventory management
- Price checks
- Stock look-ups
- Product picking
- Put-away
- Line busting
- Shelf replenishment
- Markdowns/markups

Zebra advanced imaging engine enables the split-second capture of any 1-D or 2-D bar code, regardless of whether it is printed on paper or displayed on the screen of a mobile phone or whether it is damaged, scratched or poorly printed. And with omnidirectional scanning, there is never a need to orient bar code and scanner, providing true point-and-shoot simplicity for shoppers and associates alike.

#### **PowerPrecision+ battery only from Zebra**

A new higher capacity battery charges faster just 15 minutes of charging provides enough power for 45 minutes of shopping. Advanced state of health and state of charge information improves device management, helping ensure your cradles are always filled with ready-to-use devices.

#### **Fast wireless connectivity with 802.11n**

Provides the desktop style application performance your customers expect.

#### **Flexible 3-in-1 space-saving cradle**

Charging cradle requirements vary in different sections of your store which is why the MC18 cradle can be configured three different ways: a high density configuration that shows off the beautiful new MC18 display; a super high-density cradle to minimize space requirements; and a convenient easy-to-install desk mount configuration.

#### **The power to support the most demanding applications**

A dual core 800 MHz processor and your choice of 2 or 4 GB of Flash memory provide the power to run the rich multi-media applications your shoppers expect.

#### **Rugged and ready for all-day every-day use in the store aisles and the backroom**

With drop and tumble testing, plus a Corning® Gorilla® Glass 3 display and scanner exit window, you can count on reliable operation in spite of the inevitable everyday drops.

#### **Customizable with your logo**

Make our leading edge shopping technology part of your brand with customizable branding plates that can be imprinted with your logo, available on the right and/or left side of the device.

## **REDEFINE THE SELF-SERVICE EXPERIENCE IN YOUR STORE WITH THE MC18**
